

Fallen Angel

It's hard to wonder
How things go wrong
Now you're looking for forgiveness
For all the things you did
Maybe you can't see
That there's a hidden danger
Those many hours of loneliness
Will pay for what you hid

Chorus

Seems to me
You're like a fallen angel
Could it be
You got trouble on your mind
Seems to me
You're like a fallen angel
Lean on me
And leave it all behind

Its times like this
That friends come around
You're needing some comfort
Some protection from yourself
Hidden deep inside
We all have those demons
They come on out to haunt you
More than you can tell

No one can know
Where this life will lead
You may stray out of line
Or loved ones go cold
This world has temptations
Devils reaching at you
You could lose all that's fine
Got to keep them on hold
